## DEMOCRATIC DAY AT FAIR

Oklahoma City, Ok., Oct. 4.—United States Senator Gore, Gov. Haskell and Lee Cruce, democratic nominee for governor, were the principal speakers at the state fair today. Probably 1,000 democrats from over the state were present, large delegations coming from Guthrie, Chickasha, Hobart, Shawnee and other points. The Fair Grounds, meeting was presided over by E. J. Giddings, chairman of the Oklahoma county committee.

Mr. Cruce devoted himself largely to challenging the record of J. W. McNeal, the republican nominee for governor, charging that McNeal is running on a platform made by a stand-pat delegation in June before the nominee was selected in August, and that he is seeking to be elected governor to enforce the laws regulating corporations after he had assisted the railroads in their successful effort to secure an injunction restraining the 3c passenger fare.

Senator Gore dwelt principally on national issues, devoting most of his time to a discussion of the tariff. He paid a compliment to the progressives in congress when he declared that had their policies relating to the tariff been adopted the country would not have suffered. "The Democrats," he said, "stood for tariff for revenue only and the progressive republicans stood for a tariff for a measure of protection that would do no more than protect America's legitimate industries, and the adoption of either in good faith would not have been bad."

Oscar Collins was up from Roff yesterday afternoon.

### Storm Worth Thousands.

Stulpa, Ok., Oct. 4.—A rain storm which was general in its scope yesterday halted the long drouth and started the streams. The drouth was felt keenly by Creek county farmers, many of whom were forced to haul water long distances for their stock. The absence of any wind saved the cotton from any damage, although halting the cotton pickers.

Other crops were benefited. The rain storm was worth thousands of dollars to Creek county, as it will start business generally and especially in the oil fields.

Tulsa, Ok., Oct. 4.—One of the longest and most serious drouths ever experienced in the Arkansas valley was broken by a soaking rain, with more in prospect. The rain fall in the last two months here has been less than an inch and a half.

### Charged With Adultery.

J. M. Cude of Bebee, was arrested by Deputy L. E. Mitchell this morning on an indictment warrant charging him with living in adultery with Mrs. Will Benight. His bond was fixed at \$750 which he has failed to make, so he was remanded to jail to await trial at the November term of court.

### A Change at the Postoffice.

Otto Emsley, who has held the position of assistant postmaster under Postmaster John Lock, has resigned, E. W. Caughman taking his place Monday. Otto is now visiting his son at Sasakwa.

Later: He was found short in his accounts and was arrested near Sasakwa Wednesday night by Postmaster John Lock and taken to McAlester yesterday, where he was placed in jail. The amount of the shortage has not been determined and may not total but little more than the quarter's wages due him, and still it may be much larger.—Allen Hustler.

## DEATH IN AN INTERURBAN WRECK

Stanton, Ill., Oct. 4.—Thirty-seven persons were killed and from sixteen to twenty-five injured in a collision on the Illinois traction system, two miles north of here, late this afternoon. Three of the injured, and possibly more, are not expected to survive.

Reports from the wreck up to the present time have been difficult to obtain, and although some of the statements received from there make the number of injured as high as fifty, it is not believed it will be over twenty-five. Only three of the dead have been identified, as yet and these are three prominent officials of the traction system. They are:

J. E. Berry, Springfield, Ill., land commissioner of the Illinois traction system.

W. N. Street, Stanton, Ill., assistant trainmaster of the traction system.

D. V. Black, Springfield, Ill., assistant superintendent of motive power and equipment.

The collision occurred between local train No. 14, northbound, and an excursion train, No. 73, headed toward St. Louis and loaded with passengers on their way to view the parade of the Veiled Prophets at St. Louis. The accident, according to the present information, was due entirely to the disregard of orders by the crew of local No. 14, which was in charge of M. A. Leonard, conductor, and John Tierman of Stanton, motorman.

Train No. 14 had orders to pass train No. 73 at Stanton. The latter train was running in two sections, and the orders given to No. 14 were explicit that it should pass both sections of the southbound train at Stanton.

The first section of No. 73 had passed, when the crew of No. 14 pulled out on the main track and started north. At a sharp turn in the road called Dickerson's curve, which is two miles north of this place, the two trains came together in a splintering crash.

### Sorosis Members Attention.

The first regular meeting of Sorosis will be Friday, October 7, at 3 p. m., in the I. O. O. F. reception room.

All members are urged to be present as departmental organization will be completed and other important business will be before the club.

### CONCERT LAST EVENING.

The first number of the Normal Lyceum was presented last evening in the auditorium of the Normal building by the La Dell Concert Company. It was a large and responsive audience that greeted the players, and each in turn brought forth much applause and received repeated encores. Mr. Fox proved himself a violinist of no mean ability, while Miss La Dell more than delighted her hearers. She impersonated a wide range of characters in all walks of life from early infancy to feeble old age, but childhood was by far her strongest point. There she is her best and shows something more than art. To make a long story short and a short story pointed, it can be said that the initial number of the lyceum was a success in every respect.

### If Jesus Should Come to Ada?

At the series of meetings being conducted at the Christian church the subject for tomorrow evening will be "If Jesus Should Come to Ada?" This is for the purpose of bringing us face to face with some. Would he find Christianity professionalized? Would he find faith? Would he be cramped in some of the social air we willing breathe? The subject for tonight is "Throngers or Touchers?"

Last evening the subject was "The Touch of the Christ." There have been sixteen added thus far during the meeting.

### GAYNOR REBUKES POLICEMAN.

Back to Duty After Shooting, He "Calls" Cop for Roughness.

New York, Oct. 3.—Mayor Gaynor today spent his first day at work since the shooting in which he was wounded.

When the mayor, accompanied by Mrs. Gaynor, was leaving the city hall for Brooklyn in an automobile, a policeman called out roughly to the crowd: "Get out of the way there."

The mayor instantly knocked on the glass front of the car and had his chauffeur stop. Then, putting his head out of the door, he called the officer to him and said:

"Sir, do not speak to the people like that. Address them politely. They are not in my way, and if they were they would get out of the way. You must learn to be polite to the people of the city. You have no right to speak like that."

When you see a man like this, you know he is a real man.

## KING MANUEL A PRISONER

London, Oct. 5.—According to the Daily Mail, a revolution broke out in Lisbon yesterday (Tuesday).

The dispatch adds that King Manuel is a prisoner; that street fighting has occurred; that the warships are bombarding the palace and that all communication with the capital is cut off.

Prof. Bombarda, republican deputy and Anti-Clerical, who was shot by an army Lieutenant, died yesterday.

News of the death soon circulated and a crowd of Anti-Clericals assembled in the vicinity of the professor's home and shouted: "Down with priests!"

At Oporto the intelligence caused violent collision between Clericals and Anti-Clericals.

London, Oct. 5.—The Sant Ander correspondent of the Reuter Telegram company confirms the report of a revolution in Portugal and adds that the revolutionists have captured the palace.

Sant Ander, Spain, Oct. 4.—The German steamer here has received a wireless from the steamer Cape Blanco of the same line, lying off Lisbon, stating that warships began bombarding the palace just as soon as the rising within the city began. Shortly afterward the revolutionists hauled down the royal standard over the palace and replaced it with the republican green and blue flag.

Paris, Oct. 4.—The Echo de Paris prints a wireless dispatch from its correspondent, dated St. Marie de Lamer, Cape Blanco, 9:20 p. m. saying:

"A revolution has broken Portugal. A great part of the army and all of the navy have gone on the side of the republicans. At 2 o'clock this afternoon a bombardment of the royal palace commenced. All egress to the city has been forbidden. It is impossible, therefore, to procure and forward details."

No confirmation of this has been received by the Foreign office. Telegraphic communication with Portugal has been interrupted since 3 o'clock this afternoon. The Portugal Legation has no knowledge of a revolution.

King Manuel has been face to face with a revolution that has threatened his throne for more than a year, and, in fact, at no time since his succession has he had more than a small majority of his country with him.

There was a revolt plot against him when he was in England at the funeral of King Edward, and experts on European politics will not be surprised at this time at the outbreak.

Mr. and Mrs. W. T. Hossih of Dolberg, was in town on business this morning.

### Noted Lecturer Coming.

Rev. John A. Boyet of Durant, will lecture at city hall Thursday evening subject "Sweetened Wind." Dr. Boyet is one of the most popular lecturers in the South. He will entertain you and stimulate all the sentiment of your soul. He is a logician, orator and humorist. In pathos, wit and word painting he has few equals and no superiors. Remember at city hall Thursday evening 8 p. m. Tickets on sale at Ramsey Drug store. Buy a ticket and help the ladies of North Ada church to buy their new pews. 154-3t

There was a novel episode at a marriage at Calais (writes a correspondent), the bridegroom arriving in a gayly decorated coster's barrow drawn by his best man, with his second pushing behind and a dog harnessed beneath. After the wedding the bride and groom drove through the boulevards in this vehicle, the event creating a great deal of merriment.—London Daily Graphic.

Will Identify Stolen Horse.

H. H. Delay, a Marshall County officer in company with five other men, J. O. Minter, county attorney of Marshall county, Walter Henry, city marshal of Woodville, P. W. Minter of Kingston and Tom Mossey and John Woods of the same town were here today on their way to Maud to prove a stolen horse.

The horse in question is said to have been stolen from near Woodville about a year ago by an alleged notorious horse thief, Dot Gorrell, who it was reported by the Maud paper over a year past was found swung to a tree and partly devoured by vultures—but who was captured by H. H. Delay of Woodville something over a week ago and placed in the Maud jail.

Pontotoc County at the Fair.

It is just a little mortifying to Pontotoc county visitors to the state fair to see no exhibit from this county in the agricultural department. Almost every other county in the state has put its best foot forward and is showing up everything in the most attractive manner possible. Not one of them has an exhibit there one whit better than our own county could easily collect. In fact, little, if any, corn I saw there is in any way better than some of that exhibited by the boys of Pontotoc county a short time ago. Visitors from all over the United States are at the fair looking over these products and taking away with them literature describing the advantages offered by them. While it has cost these counties something to be represented, they will reap many times the amount spent when the home-seekers head this way.

In the mineral department we are faring better. Quite a lot of asphalt from Ada and Roff iron ore from Fitzhugh and Roff, stone, etc., is on exhibition, and this saves Pontotoc county from being left out altogether. It shows something of our mineral resources and may result to our profit a little later.

Painfully Injured.

Yesterday at noon Clifford Hardin slipped on the concrete floor of the Normal building, wrenching his ankle and breaking the small bone of the left leg. While the injury is very painful it is not thought to be serious. He is resting fairly well under the circumstances today.

BLAZING THEIR WAY OUT.

No question about Bob Wimbish and Jno. Crawford being experienced travelers. After being shown their rooms at the Lee-Huckins at Oklahoma City Monday night, each man proceeded to take a hatchet out of his suit case. We were a little mystified by this conduct, but when we asked for an explanation we were informed that they did not know whether they would be able to find their way back to the room or not unless they had some means of following the trail. The hatchets were to blaze their way down stairs just like the pioneers used to blaze their way through an unknown forest.

### COLBERT.

Rev. Nettles preached at Colbert Sunday.

Mrs. Mattie McArdy went to Ada Tuesday.

All hands and the cooks are picking cotton these days.

Mrs. Henry Clark took dinner with Mrs. Witcher Sunday.

Leondus and Jennings McAnally went to Stratford Thursday.

Roy Rushing came down from Vancoss Saturday. Returned home Monday.

Willie Witcher and wife were visiting his mother here Saturday night and Sunday.

Miss Dona Gare who has been visiting her aunt Mrs. Joe Rushing has returned to her home at Lula.

Hallem Merriman has got that merry widower grin off of his face since his wife returned home.

Will Kirby, Coleman Lea, Joe Richmond and Thurman Treadwell left Sunday for Oklahoma City to do up the fair.

We had a Wedding last week. Mr. Guy McFarland and Miss Mamie Crews, Bro. Nettles tied the knot. We understand they will reside near Bebee.

While in town the other day we saw a furniture man patting Etheridge Wright on the back. That smile gives it all away on you Etheridge, old boy.

Those Ada people don't know how near you come to losing your crop going over to Mr. Johnson's this summer.

Mrs. C. A. Chumley of Sulphur, visiting her mother, Mrs. G. W. Young returned home this morning accompanied by her husband who came up on the north bound Frisco.

E. S. Collins has sold his corn pepper to Ollie Lancaster.

You appreciate how uncomfortable the kitchen is these warm days? It will be worse as you advance further in the summer. Why not use electricity and be cool? You can cook, bake, operate your sewing machine, wash and iron. In fact, there is nothing which cannot be accomplished with electricity that is accomplished by either gas or an ordinary range. If is odorless, no heat, no smoke simply press the button and we do the rest.

### QUITS REPUBLICAN PARTY.

Leading Republican in New York Joins Democrats.

New York, Oct. 4.—Domination of the republican party of New York state by Theodore Roosevelt has induced Charles H. Young, a leading republican and president of the republican club in 1907-1908 to announce that he will not vote for Henry L. Stimson for governor, but will support John A. Dix, the democratic nominee. In announcing this decision Mr. Young assails Mr. Roosevelt for his usurpation of the party in the state and the centralization of its control in himself.

Mr. Young fears that the election of Mr. Stimson will mean the nomination of Mr. Roosevelt for the presidency in 1912.

"If that man ever becomes president again," said Mr. Young, "we will never get him out of the white house. He is the most dangerous man in the history of republics, the gravest menace, the most alarming figure who has arisen in world politics since Waterloo."

Rev. Duncan McRuer of Pauls Valley, Sunday school missionary for the Ardmore Presbytery stopped over here yesterday while on his way to Tulsa to be present at a meeting of the Oklahoma Synod there tonight.

## OKLAHOMA CENTRAL BUILDING NEW DEPOT

The new depot for the Oklahoma Central Ry. has already been staked out by the O. C. engineer and work on the construction will start immediately.

The building will be 26x42x10, one story, with concrete floor through out. The estimated cost of the depot is \$4000 complete. There will be concrete platform on the north and east sides of the building, fronting on Main street and parallel with the track.

The whole building will be modern throughout and up to date in every respect.

Harold Macklin, architect from Chickasha, is in charge of the construction work and will remain here till completion of the building.

They are looking for some of the material in today.

Mr. Macklin leaves for Chickasha this afternoon and will return tomorrow with men to begin construction.

The depot which will be gladly welcomed by the traveling public as well as the O. C. railroad employees here will have been completed within sixty days. The house that stood on the grounds is being moved today.

### The Cement Company's Exhibit.

A considerable space at the state fair is devoted to exhibits of cement and concrete manufactures. A number of concerns have exhibits, but we were pleased to see that the Ada mill has about the best of the lot. One feature of it is a fireplace and mantel made of cement. An artistic wall of the same material encloses this, and there are a number of ornamental pieces such as capitals for columns, and some fence posts. There is also a practical demonstration of the manufacture of these posts so that every person can see for himself how easily they are made and their general utility after they are ready for use.

### Briles Matter Will Be Thrashed Out.

Tomorrow the charges made against President Briles of the normal some weeks ago will be heard and passed on at Edmond by the board of regents. Prof. Briles demanded a full and speedy investigation at the time the matter was published and this meeting of the board will settle the whole affair. Mr. Briles left for Edmond this afternoon accompanied by J. L. Barringer, J. W. Hays, A. M. Croxton, W. W. Sledge and Rev. W. M. Wilson.

### Counterfeit Money in Circulation.

Evidently some counterfeit has been at work here very recently. A number of business men report having had bogus nickels and dimes passed off on them during the past few days. Better keep an eye open for these bad coins.

### Busy at Headquarters.

Yesterday the News man spent some little time at democratic state headquarters at Oklahoma City. Everybody was busy and feeling extremely good over the prospects of the party in the November election.

### A 40-Acre Farm for Sale.

2 good houses, all under good wire fence, water all the year, 4 small hog pastures, all good alfalfa land. Also about 40 head of fine Poland and China hogs, also an assortment of plow implements. A bargain if taken at once. Nettles & Lingenfelter, Farmers State Bank. 155-4t

James B. Vandiver, socialist nominee for the senate against R. M. Roddie of Ada, is fairly boiling over to meet Roddie in debate. In his challenge he says: "I am your equal in every way. Educationally I am your superior, I double dog dare you to meet me." That last sentence indicates that when Vandiver said "in every way," he meant to lay stress on his physical ability.—Oklahoman.

### The Cotton Market.

Cotton reached the high water mark of the season today, selling as high as 13.85. This afternoon, however, the market fell off a few points.

## TOO MUCH STATIONERY

Our stock of box paper is too large. We want to reduce it. In order to do so we will make prices that will be an object to you. This stationery is all high-grade, and will not last long at the price we are offering it. We carry a complete line of writing tablets. Let us show you.

## MRS. C. S. WALKER WILL SPEAK AT ASBURY CHURCH

Mrs. C. S. Walker, wife of the pastor of the First Methodist church at Holdenville, is in the city today. Mrs. Walker is district secretary of the Ada district Home Mission work of the Methodist church. She addressed the ladies at their prayer service this afternoon at first Methodist church and will speak at Asbury church tonight. The Methodist ladies of the city are glad to have Mrs. Walker with them and feel that her addresses will be an inspiration to them in their work. She is the guest of Mrs. R. E. Haynes while in the city.

### LaFollette Will Recover.

Rochester, Minn., Oct. 4.—Senator LaFollette was operated upon for gall stones at 8:20 a. m. today and the operation was completed at 8:40 a. m. Eight stones were removed from the gall bladder.

Prospects for his recovery are good. Just before he went to the operating room this statement was issued: "Unless unforeseen complications arise the Senator should rally from the operation in a few hours and pass the crisis before noon tomorrow at the latest."

Senator LaFollette said he had no misgivings as to the outcome.

### The Oklahoma Packing Plant.

Yesterday the News man made a trip through the big Morris packing house at Oklahoma City. It had begun operations only the day before, but everything seemed to be moving like clock work. It was quite a sight to one who had never seen an outfit of the kind before. Hogs, cattle and sheep were being butchered in the various departments, and it was but a few minutes from the time the animal was killed until it was cut into pieces. The carcasses were shoved along in endless procession, each man along the way having some certain part to perform and just so many minutes in which to complete his work as the animal was pushed along to the next man.

Near at hand are the stock yards and big ones they seemed to be, too. Across the yard from the Morris plant the new Swartzchild & Sulzburger plant is beginning to rise, and it is a matter of only a few months when Oklahoma City will be the leading stock market of the Southwest.

There is also a large horse and mule market at hand where all sorts of these animals are handled by traders, thus adding to the place as a general stock market.

Thousands of visitors thronged the place and every one will be a walking advertisement for the Oklahoma City plant when he reaches home.

### CHARGED WITH GIVING LIQUOR TO MINOR

John Williamson of Francis, was arrested today on two indictments charging him with giving liquor to a minor. His bond was fixed at \$500 in each case which he will probably give today.

The negro, Nero Blue, who was jailed on the third of this month on a charge of selling whiskey to a minor was released on a \$500 bond today.

Jack Johnson, who has been in jail for the past two weeks on a charge of forgery had an examining trial today. The trial was continued from noon today until tomorrow afternoon because of the absence of an important witness.

### Oklahoma Cotton Reports.

Guthrie, Ok., Oct. 4.—Reports from about one-half of the gins in Oklahoma made to the state board of agriculture show that of the 1910 cotton crop there were ginned to Sept. 30, 85,104 square bales and 1,445 round bales, and counting the latter as half bales, the total to that date reached 85,826. For the same period last year the total was 99,261, with about the same number of reports on file with the department. It is stated steps will be taken this month to invoke the laws which require ginners to make reports to the department, the penalty for failure being a fine of \$25. Compared with these figures the federal government today announced that 110,444 bales had been ginned in Oklahoma to Sept. 25.

### HELPFUL WORDS.

From an Ada Citizen.

Is your back lame and painful? Does it ache especially after exertion?

Is there a soreness in the kidney region?

These symptoms indicate weak kidneys.

There is danger in delay. Weak kidneys fast get weaker.

Give your trouble prompt attention. Doan's Kidney Pills act quickly.

They strengthen weak kidneys. Read this Ada testimony.

G. S. Dismukes, 17 Thirteenth St., W. Ada, Okla., says: "Last fall I was suffering a great deal from a constant soreness through kidneys and across my hips. I had no doubt that this misery was due to disordered kidneys. A friend finally advised me to try Doan's Kidney Pills and I procured a box at G. M. Ramsey's Drug Store and began their use. In a few days my pains and aches had disappeared and the contents of two boxes of Doan's Kidney Pills restored me to good health."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other. 32

## GOLDSBORO

### HEARD FROM

A Lady Who Lives in Goldsboro Joins in the Chorus of Praise for Cardui, The Woman's Tonic.

Goldsboro, N. C.—"A physician treated me for many distressing symptoms," writes Mrs. Elita A. Smith, "but gave me no relief."

"I suffered with neuralgia around the heart and was troubled at times with my head. I had pain in my left side, bowels, left thigh, shoulders and arms."

"After taking Cardui, I am now well and can recommend it to other suffering women."

Just such doubtful symptoms, as those from which Mrs. Smith suffered, are the ones for which it will pay you to take Cardui, the woman's tonic.

It is at such times, when there is nothing to show, for certain, the real cause of the trouble, that you need a tonic, to give the body strength to throw off the illness that evidently threatens.

Take Cardui, when you are ill, with the ailments of your sex. Take Cardui as a tonic, to prevent illness, when you feel it coming.

Your druggist keeps it.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women" sent in plain wrapper on request.

C. T. Angel states that he has not given up working for the commission government for Ada by any means. He was busy in court last week, and has had to hustle to catch up with his other work since then, but will circulate the petition again at once.

### New Election Board Members.

Oklahoma City, Ok., Oct. 4.—T. J. Leahry of Pawhuska and Seth K. Cordon of Gore were appointed by Gov. Haskell today to succeed Fred Branson of Muskogee and William Linn of Chickasha as president and secretary, respectively, of the state election board. J. T. Allen of Muskogee, the republican member, is retained. Branson resigned to become chairman of the democratic state committee and Linn is to be appointed Judge of the Superior Court in Grady county.

Gov. Haskell today appointed Col. Sidney Suggs, editor of the Ardmoreite at Ardmore, State Highway Inspector.

Mrs. C. M. Chauncey has been confined to her bed for several days.

## DEMOCRATIC DAY AT FAIR

Oklahoma City, Ok., Oct. 4.—United States Senator Gore, Gov. Haskell and Lee Cruce, democratic nominee for governor, were the principal speakers at the state fair today. Probably 1,000 democrats from over the state were present, large delegations coming from Guthrie, Chickasha, Hobart, Shawnee and other points. The Fair Grounds, meeting was presided over by E. J. Giddings, chairman of the Oklahoma county committee.

Mr. Cruce devoted himself largely to challenging the record of J. W. McNeal, the republican nominee for governor, charging that McNeal is running on a platform made by a stand-pat delegation in June before the nominee was selected in August, and that he is seeking to be elected governor to enforce the laws regulating corporations after he had assisted the railroads in their successful effort to secure an injunction restraining the 3c passenger fare.

Senator Gore dwelt principally on national issues, devoting most of his time to a discussion of the tariff. He paid a compliment to the progressives in congress when he declared that had their policies relating to the tariff been adopted the country would not have suffered. "The Democrats," he said, "stood for tariff for revenue only and the progressive republicans stood for a tariff for a measure of protection that would do no more than protect America's legitimate industries, and the adoption of either in good faith would not have been bad."

Oscar Collins was up from Roff yesterday afternoon.

### Storm Worth Thousands.

Stulpa, Ok., Oct. 4.—A rain storm which was general in its scope yesterday halted the long drought and started the streams. The drought was felt keenly by Creek county farmers, many of whom were forced to haul water long distances for their stock. The absence of any wind saved the cotton from any damage, although halting the cotton pickers.

Other crops were benefited. The rain storm was worth thousands of dollars to Creek county, as it will start business generally and especially in the oil fields.

Tulsa, Ok., Oct. 4.—One of the longest and most serious droughts ever experienced in the Arkansas valley was broken by a soaking rain, with more in prospect. The rain fell in the last two months here has been less than an inch and a half.

### Charged With Adultery.

J. M. Cude of Bebee, was arrested by Deputy L. E. Mitchell this morning on an indictment warrant charging him with living in adultery with Mrs. Will Bonlight. His bond was fixed at \$750 which he has failed to make, so he was remanded to jail to await trial at the November term of court.

### A Change at the Postoffice.

Otto Emsley, who has held the position of assistant postmaster under Postmaster John Lock, has resigned, E. W. Caughman taking his place Monday. Otto is now visiting his son at Sasakwa.

Later: He was found short in his accounts and was arrested near Sasakwa Wednesday night by Postmaster John Lock and taken to McAlester yesterday, where he was placed in jail. The amount of the shortage has not been determined and may not total but little more than the quarter's wages due him, and still it may be much larger. Allen Hustler.

## DEATH IN AN INTERURBAN WRECK

Stanton, Ill., Oct. 4.—Thirty-seven persons were killed and from sixteen to twenty-five injured in a collision on the Illinois traction system, two miles north of here, late this afternoon. Three of the injured, and possibly more, are not expected to survive.

Reports from the wreck up to the present time have been difficult to obtain, and although some of the statements received from there make the number of injured as high as fifty, it is not believed it will be over twenty-five. Only three of the dead have been identified, as yet and these are three prominent officials of the traction system. They are:

J. E. Berry, Springfield, Ill., land commissioner of the Illinois traction system.

W. N. S. Root, Stanton, Ill., assistant trainmaster of the traction system.

D. V. Black, Springfield, Ill., assistant superintendent of motive power and equipment.

The collision occurred between local train No. 14, northbound, and an excursion train, No. 73, headed toward St. Louis and loaded with passengers on their way to view the parade of the Velled Prophets at St. Louis. The accident, according to the present information, was due entirely to the disregard of orders by the crew of local No. 14, which was in charge of M. A. Leonard, conductor, and John Tierman of Stanton, motorman.

Train No. 14 had orders to pass train No. 73 at Stanton. The latter train was running in two sections, and the orders given to No. 14 were explicit that it should pass both sections of the southbound train at Stanton.

The first section of No. 73 had passed, when the crew of No. 14 pulled out on the main track and started north. At a sharp turn in the road called Dickerson's curve, which is two miles north of this place, the two trains came together in a splintering crash.

### Sorosis Members Attention.

All members are urged to be present as departmental organization will be completed and other important business will be before the club.

## CONCERT LAST EVENING.

The first number of the Normal Lyceum was presented last evening in the auditorium of the Normal building by the La Dell Concert Company. It was a large and responsive audience that greeted the players, and each in turn brought forth much applause and received repeated encores. Mr. Fox proved himself a violinist of no mean ability, while Miss La Dell more than delighted her hearers. She impersonated a wide range of characters in all walks of life from early infancy to feeble old age, but childhood was by far her strongest point. There she is her best and shows something more than art. To make a long story short and a short story pointed, it can be said that the initial number of the lyceum was a success in every respect.

### If Jesus Should Come to Ada

At the series of meetings being conducted at the Christian church the subject for tomorrow evening will be "If Jesus Should Come to Ada." This is for the purpose of bringing us face to face with some. Would he find Christianity professed? Would he find Christianity professed? Would he find faith? Would he be cramped in some of the social air we willing breathe? The subject for tonight is "Throngers or Touchers?"

Last evening the subject was "The Touch of the Christ." There have been sixteen added thus far during the meeting.

### GAYNOR REBUKES POLICEMAN.

Back to Duty After Shooting, He "Tells" Cop for Roughness.

New York, Oct. 3.—Mayor Gaynor today spent his first day at work since the shooting in which he was wounded.

When the mayor, accompanied by Mrs. Gaynor, was leaving the city hall for Brooklyn in an automobile, a policeman called out roughly to the crowd: "Get out of the way there."

The mayor instantly knocked on the glass front of the car and had his chauffeur stop. Then, putting his head out of the door, he called the officer to him and said:

"Sir, do not speak to the people like that. Address them politely. They are not in my way, and if they were they would get out of the way. You must learn to be polite to the people of the city. You have no right to speak like that."

## KING MANUEL A PRISONER

London, Oct. 5.—According to the Daily Mail, a revolution broke out in Lisbon yesterday (Tuesday).

The dispatch adds that King Manuel is a prisoner; that street fighting has occurred; that the warships are bombarding the palace and that all communication with the capital is cut off.

Prof. Bombarda, republican deputy and Anti-Clerical, who was shot by an army lieutenant, died yesterday. News of the death soon circulated and a crowd of Anti-Clericals assembled in the vicinity of the professor's home and shouted: "Down with priests!"

At Oporto the intelligence caused violent collision between Clericals and Anti-Clericals.

London, Oct. 5.—The Sant Ander correspondent of the Reuter Telegram company confirms the report of a revolution in Portugal and adds that the revolutionists have captured the palace.

Sant Ander, Spain, Oct. 4.—The German steamer here has received a wireless from the steamer Cape Blanco of the same line, lying off Lisbon, stating that warships began bombarding the palace just as soon as the rising within the city began. Shortly afterward the revolutionists hauled down the royal standard over the palace and replaced it with the republican green and blue flag.

Paris, Oct. 4.—The Echo de Paris prints a wireless dispatch from its correspondent, dated St. Marie de Lamer, Cape Blanco, 9:20 p. m. saying:

"A revolution has broken Portugal. A great part of the army and all of the navy have gone on the side of the republicans. At 2 o'clock this afternoon a bombardment of the royal palace commenced. All egress to the city has been forbidden. It is impossible, therefore, to procure and forward details."

No confirmation of this has been received by the Foreign office. Telegraphic communication with Portugal has been interrupted since 3 o'clock this afternoon. The Portugal Legation has no knowledge of a revolution.

King Manuel has been face to face with a revolution that has threatened his throne for more than a year, and, in fact, at no time since his succession has he had more than a small majority of his country with him.

There was a revolt plot against him when he was in England at the funeral of King Edward, and experts on European politics will not be surprised at this time at the outbreak.

Mr. and Mrs. W. T. Hossil of Dolberg, was in town on business this morning.

This will be your last chance to see Stewart & Malcolm. Don't miss their act tonight.

Admission: Adults 10c, Children 5c

### BLAZING THEIR WAY OUT.

No question about Bob Wimbish and Jno. Crawford being experienced travelers. After being shown their rooms at the Lee-Huckins at Oklahoma City Monday night, each man proceeded to take a hatchet out of his suit case. We were a little mystified by this conduct, but when we asked for an explanation we were informed that they did not know whether they would be able to find their way back to the room or not unless they had some means of following the trail. The hatchets were to blaze their way down stairs just like the pioneers used to blaze their way through an unknown forest.

### Will Identify Stolen Horse.

H. H. Delay, a Marshall County officer in company with five other men, J. O. Minter, county attorney at Marshall county, Walter Henry, city marshal of Woodville, P. W. Minter of Kingston and Tom Mossey and John Woods of the same town were here today on their way to Maud to prove a stolen horse.

The horse in question is said to have been stolen from near Woodville about a year ago by an alleged notorious horse thief, Dot Gorrell, who it was reported by the Maud paper over a year past was found swung to a tree and partly devoured by vultures—but who was captured by H. H. Delay of Woodville something over a week ago and placed in the Maud jail.

### Pontotoc County at the Fair.

It is just a little mortifying to Pontotoc county visitors to the state fair to see no exhibit from this county in the agricultural department. Almost every other county in the state has put its best foot forward and is showing up everything in the most attractive manner possible. Not one of them has an exhibit there one whit better than our own county could easily collect. In fact, little, if any, corn I saw there is in any way better than some of that exhibited by the boys of Pontotoc county a short time ago. Visitors from all over the United States are at the fair looking over these products and taking away with them literature describing the advantages offered by them. While it has cost these counties something to be represented, they will reap many times the amount spent when the home-seekers head this way.

In the mineral department we are faring better. Quite a lot of asphalt from Ada and Roff iron ore from Fitzhugh and Roff, stone, etc., is on exhibition, and this saves Pontotoc county from being left out altogether. It shows something of our mineral resources and may result to our profit a little later.

### Painfully Injured.

Yesterday at noon Clifford Hardin slipped on the concrete floor of the Normal building, wrenching his ankle and breaking the small bone of the left leg. While the injury is very painful it is not thought to be serious. He is resting fairly well under the circumstances today.

## COLBERT.

Rev. Nettles preached at Colbert Sunday.

Mrs. Mattie McAarty went to Ada Tuesday.

## OKLAHOMA CENTRAL BUILDING NEW DEPOT

The new depot for the Oklahoma Central Ry. has already been staked out by the O. C. engineer and work on the construction will start immediately.

The building will be 26x40x2-10, one story, with concrete floor through out. The estimated cost of the depot is \$1000 complete. There will be concrete platform on the north and east sides of the building, fronting on Main street and parallel with the track.

The whole building will be modern throughout and up to date in every respect.

Harold Macklin, architect from Chickasha, is in charge of the construction work and will remain here till completion of the building.

They are looking for some of the material in today.

Mr. Macklin leaves for Chickasha this afternoon and will return tomorrow with men to begin construction.

The depot which will be gladly welcomed by the traveling public as well as the O. C. railroad employees here will have been completed within sixty days. The house that stood on the grounds is being moved today.

### The Cement Company's Exhibit.

A considerable space at the state fair is devoted to exhibits of cement and concrete manufactures. A number of concerns have exhibits, but we were pleased to see that the Ada mill has about the best of the lot. One feature of it is a fireplace and mantel made of cement. An artistic wall of the same material encloses this, and there are a number of ornamental pieces such as capitals for columns, and some fence posts. There is also a practical demonstration of the manufacture of these posts so that every person can see for himself how easily they are made and their general utility after they are ready for use.

### Bribe Matter Will Be Thrashed Out.

Tomorrow the charges made against President Briles of the normal some weeks ago will be heard and passed on at Edmond by the board of regents. Prof. Briles demanded a full and speedy investigation at the time the matter was published and this meeting of the board will settle the whole affair. Mr. Briles left for Edmond this afternoon accompanied by J. L. Barringer, J. W. Hays, A. M. Croton, W. W. Sledge and Roy W. M. Wilson.

### Counterfeit Money in Circulation.

Evidently some counterfeit has been at work here very recently. A number of business men report having had bogus nickels and dimes passed off on them during the past few days. Better keep an eye open for these bad coins.

### Busy at Headquarters.

Yesterday the News man spent some little time at democratic state headquarters at Oklahoma City. Everybody was busy and feeling extremely good over the prospects of the party in the November election.

### A 40-Acre Farm for Sale.

2 good houses, all under good wire fence, water all the year, 4 small hog pastures, all good alfalfa land. Also about 40 head of fine Poland and China hogs, also an assortment of plow implements. A bargain if taken at once. Nettles & Langenfelder, Farmers State Bank. 155-41

James B. Vandiver, socialist nominee for the senate against R. M. Riddle of Ada, is fairly boiling over to meet Riddle in debate. In his challenge he says: "I am your equal in every way. Educationally I am your superior, I double dog dare you to meet me." That last sentence indicates that when Vandiver said "in every way," he meant to lay stress on his physical ability.—Oklahoman.

### The Cotton Market.

Cotton reached the high water mark of the season today, selling as high as 13.35. This afternoon, however, the market fell off a few points.

### LaFollette Will Recover.

Rochester, Minn., Oct. 4.—Senator LaFollette was operated upon for gall stones at 8:20 a. m. today and the operation was completed at 8:40 a. m. Eight stones were removed from the gall bladder.

Prospects for his recovery are good. Just before he went to the operating room this statement was issued: "Unless unforeseen complications arise the Senator should rally from the operation in a few hours and pass the crisis before noon tomorrow at the latest."

Senator LaFollette said he had no misgivings as to the outcome.

### The Oklahoma Packing Plant.

Yesterday the News man made a trip through the big Morris packing house at Oklahoma City. It had begun operations only the day before, but everything seemed to be moving like clock work. It was quite a sight to one who had never seen an outfit of the kind before. Hogs, cattle and sheep were being butchered in the various departments, and it was but a few minutes from the time the animal was killed until it was cut into pieces. The carcasses were shoved along in endless procession, each man along the way having some certain part to perform and just so many minutes in which to complete his work as the animal was pushed along to the next man.

Now at hand are the stock yards and big ones they seemed to be, too. Across the yard from the Morris plant the new Swartzchild & Sulzburger plant is beginning to rise, and it is a matter of only a few months when Oklahoma City will be the leading stock market of the Southwest.

There is also a large horse and mule market at hand where all sorts of these animals are handled by traders, thus adding to the place as a general stock market.

Thousands of visitors thronged the place and every one will be a walking advertisement for the Oklahoma City plant when he reaches home.

### CHARGED WITH GIVING LIQUOR TO MINOR

John Williamson of Francis, was arrested today on two indictments charging him with giving liquor to a minor. His bond was fixed at \$500 in each case which he will probably give today.

The negro, Nero Blue, who was jailed on the third of this month on a charge of selling whiskey to a minor was released on a \$500 bond today.

Jack Johnson, who has been in jail for the past two weeks on a charge of forgery had an examining trial today. The trial was concluded from noon today until tomorrow afternoon because of the absence of an important witness.

### Oklahoma Cotton Reports.

Guthrie, Ok., Oct. 4.—Reports from about one-half of the gins in Oklahoma made to the state board of agriculture show that of the 1910 cotton crop there were ginned to Sept. 20, 85,101 square bales and 1,445 round bales, and counting the latter as half bales, the total to that date reached 85,826. For the same period last year the total was 99,261, with about the same number of reports on file with the department. It is stated steps will be taken this month to invoke the laws which require ginners to make reports to the department, the penalty for failure being a fine of \$25. Compared with these figures the federal government today announced that 110,444 bales had been ginned in Oklahoma to Sept. 25.

Ladies: A large assortment of the newest shapes received today and will be sold exceedingly low this week. Model Millinery Parlor, South Broadway. 155-11

### HELPFUL WORDS.

From an Ada Citizen.

Is your back lame and painful? Does it ache especially after exertion?

Is there a soreness in the kidney region? These symptoms indicate weak kidneys.

There is danger in delay. Weak kidneys fast get weaker. Give your trouble prompt attention. Doan's Kidney Pills act quickly. They strengthen weak kidneys. Read this Ada testimony.

G. S. Dismukes, 17 Thirteenth St., W. Ada, Okla., says: "Last fall I was suffering a great deal from a constant soreness through kidneys and across my hips. I had no doubt that this misery was due to disordered kidneys. A friend finally advised me to try Doan's Kidney Pills and I procured a box at G. M. Ramsey's Drug Store and began their use. In a few days my pains and aches had disappeared and the contents of two boxes of Doan's Kidney Pills restored me to good health."

For sale by all dealers. Price 50 cents. Foster-McBurrin Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## GOLDSBORO

### HEARD FROM

A Lady Who Lives in Goldsboro Joins in the Chorus of Praise for Cardui, The Woman's Tonic.

Goldsboro, N. C.—"A physician treated me for many distressing symptoms," writes Mrs. Etta A. Smith, "but gave me no relief."

"I suffered with neuralgia around the heart and was troubled at times with my head. I had pain in my left side, bowels, left thigh, shoulders and arms."

"After taking Cardui, I am now well and can recommend it to other suffering women."

Just such doubtful symptoms, as those from which Mrs. Smith suffered, are the ones for which it will pay you to take Cardui, the woman's tonic.

It is at such times, when there is nothing to show, for certain, the real cause of the trouble, that you need a tonic, to give the body strength to throw off the illness that evidently threatens.

Take Cardui, when you are ill, with the ailments of your sex. Take Cardui as a tonic, to prevent illness, when you feel it coming.

Your druggist keeps it.

N. B.—Write to: Ladies' Advisory Dept., Chastanoot Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper on request.

C. T. Angel states that he has not given up working for the commission government for Ada by any means. He was busy in court last week, and has had to hustle to catch up with his other work since then, but will circulate the petition again at once.

### New Election Board Members.

Oklahoma City, Ok., Oct. 4.—T. J. Leahy of Pawhuska and Seth K. Cordon of Gore were appointed by Gov. Haskell today to succeed Fred Branson of Muskogee and William Linn of Chickasha as president and secretary, respectively, of the state election board. J. T. Allen of Muskogee, the republican member, is retained. Branson resigned to become chairman of the democratic state committee and Linn is to be appointed Judge of the Superior Court in Grady county.

Gov. Haskell today appointed Col. Sidney Suggs, editor of the Ardmoreite at Ardmore, State Highway Inspector.

Mrs. C. M. Chauncey has been confined to her bed for several days.
